

NGT-4140PWR

The NGT-4140PWR is a Dante™ enabled network power amplifier with a manageable, integrated switch, for the NEXGENTEC AUDIO distribution solution.

The nexgentec DSP super modules enable efficient design and deployment of the NGTC audio network system, featuring the highest levels of functionality and performance.

Key Features

- 4 x 140 W - 4 Ω
- Dante audio interface
- Stereo digital power amplifier
- Manageable integrated 2 port switch
- nexgentec ngtOS, operating system for control api, configuration and monitoring
- Bridgeable: 250 W - 8 Ω

Power and Dimensions

Power:	100 – 240 VAC / 6.4 A
BTU Rating Idle:	< 10 BTU / hr
BTU Rating Operation:	139 BTU / hr
Operation Temperature Range:	5° to 30°C
Dimensions (HxWxD):	45 mm (1 U) x 209 mm (9,5 inch) x 250 mm
Weight:	1.9 kg
